### How can I reduce my insurance premiums?

There are number of things you can do to reduce your insurance premium, such as:

1. Shop around!
2. Consider raising deductible.
3. Drive safely.
4. Make improvements to your home.
5. Add smoke detectors, alarm system, etc.
6. Live a healthy lifestyle.
7. Bundle policies. (for instance, you may receive discounts if you purchase your homeowners and auto insurance from the same company)

## Healthcare.gov FAQ

---

You're considered covered under the health care law if you have any job-based plan, any plan you bought yourself, Medicare, Medicaid, CHIP, and many other kinds of coverage.

If you have Medicare, you're considered covered and don't have to make any changes. If you have Medicare, you can't use the Marketplace to buy a supplemental plan or dental plan.

Open Enrollment starts November 15, 2014. You can't apply for 2015 coverage until then.

You can buy a plan outside the Marketplace and still meet the health care law's coverage requirements.

## Ohio Medicaid

To be eligible for coverage, you must:

---

1. Be a United States Citizen or meet Medicaid citizenship requirements. The immigration rules are complex. Your local county Job and Family Services office specializes in getting you enrolled.
2. Have or get a Social Security number.
3. Be an Ohio resident.
4. Meet certain financial requirements, which vary depending on the program. Some people who are blind or disabled may have too high an income to qualify for Medicaid. In this case, you may have a spend-down plan that allows you to qualify on a month-by-month basis. If you are an older adult or an individual with a disability, you may need to meet a resource requirement to qualify.
