## Beginning Friday · November 3rd, 2017

**What:** Pioneer Physicians Network is excited to announce an after-hours clinic offering full office services for acute care. (i.e., sore throat, respiratory infections, urinary tract infections, acute musculoskeletal issues, etc.) As the name suggests, this will include evening and weekend hours after normal practice operating hours. These services may expand to other Pioneer locations.

**Where:** Northampton Primary Care  
3239 State Rd  
Cuyahoga Falls, OH 44223

**When:** Fridays            5:30<sub>PM</sub> to 9:00<sub>PM</sub>  
          Saturdays        9:00<sub>AM</sub> to 1:00<sub>PM</sub>  
          Sundays            1:00<sub>PM</sub> to 6:00<sub>PM</sub>

**All established Pioneer patients are welcome to use the After Hours Clinic.**

**Visits will be billed as a usual office visit, not as an urgent care visit so there will likely be a co-pay savings.**
